History: This message has been forwarded.

Doug – The meeting with HQ has been set for the week of 23 JAN, I do not believe the exact date has been set.

Please forward the agenda for your proposed meeting so I can determine who best should participate from CHK.

Subject: Re: Meetings

John,

I was not aware of a potential meeting between Bob Sussman and Paul Hagemeyer, so thank you for bringing this to my attention.

I believe that a meeting, as Bob Puls suggested, is essential to move this study forward. However, since I'm not privy to the nature of the meeting between Paul Hagemeyer and Bob Sussman, I'm not sure how to address the timing of our meeting. Has a date been set for the meeting between Paul Hagemeyer and Bob Sussman?

I think it is important to have a meeting sometime early January, but I will need to check with Dave Jewett and Jeanne Briskin to see when they would be available for a meeting and get back to you.

Doug

Subject: Meetings

Bob and Doug:

I spoke with Chris earlier today and understand you've requested a meeting be set up between Paul Hagemeyer, Jeanne Briskin and David Jewett.

I wanted to let you know that Bob Sussman w/EPA HQ contacted Paul last week and they are in the process of setting up a meeting in DC sometime next month.

Did not know if your preference was to hold your proposed meeting before or after our meeting with Mr. Sussman. Please advise.

Regardless, I want to reiterate our sincere commitment to partnering with EPA in a successful and scientifically sound hydraulic fracturing study.

Thank you,
John Satterfield
